Divine Service, Setting Four

Welcome in Jesus' Name! Lutherans believe that Jesus Christ is present in the Sacrament so that we receive His true body and blood along with the bread and wine (Mark 14:22, 24; 1 Corinthians 10:16). We further believe that in this Sacrament, we receive the forgiveness of sins (Matthew 26:28) and strength to live an improved Christian life (Galatians 2:20). A worthy communicant is one who is truly repentant of his/her sins and who resolves to amend his/her life (1 Corinthians 11:28). Furthermore, this Sacrament is not only a communion with Christ (Matthew 18:20; 1 Corinthians 10:16), but also with one another (1 Corinthians 10:17; Acts 2:42). Those desiring to commune with us for the first time should talk with the pastor BEFORE the service begins.

Announcements #1

Our deepest sympathy is extended to the family and friends of Dave Kunde who passed away on Friday, June 5th, at the age of 89. His funeral will be Monday, June 22nd, at noon with visitation at 11 AM at the church. Burial will be private at Shiloh Cemetery. May God provide comfort and care for those who mourn his loss.

Church Council will meet this Wednesday at 6:30 in fellowship hall.

Mowing Schedule! The schedule this year lists the week that the volunteer needs to mow. It is recommended to mow on Thursday through Saturday of that week, so it looks nice for Sunday. If you have misplaced your schedule which was in the March newsletter, there is one on the back bulletin board. If you have any questions, contact trustee John Grussing or Lee Whitehouse. Mowing Schedule:

The week of June 14 – 20 – Chase Zimmerman

The week of June 21 – 27 – Skinner Johnson

The confirmation classes of 1979, 1980, 1981, and 1982 will be recognized on Sunday, June 28th, after church in the fellowship hall. All church members please plan to attend and show your support to these confirmands who pledged their lives to Christ!

Organ Update.....Last Sunday the organ did not work during parts of the last half of the worship service. The organ repair man has made two trips from Indiana to evaluate the problems, and it seems it is the power source that is complicating things. A dedicated power source is going to be installed. It seems that the two dehumidifiers and the air conditioning are using a large amount of energy which reduces what the organ needs to function correctly. The problem is in the process of being corrected.
